

PROJECT

Bassah Park

OVERVIEW

Client	Project Size (in sqm)	Project Location	Project Component
Musandam Municipality	600 SQMTRS	Khasab	Supply & installation of children play equipments & rubber safety flooring

PROJECT REMARKS

In the existing park at Bsaah, Musandam Municipality aimed to create a children's play area equipped with top-quality play structures and rubberized safety flooring. KR proposed a solution featuring Kompan play equipment combined with multi-colored rubber safety flooring that provided a visually appealing grain-like texture.

PRODUCTS

Kompan - Czech Republic & Stockmeier Urethanes - Germany
